

WELCOME to the Airport Inn Bed & Breakfast in Beautiful Togiak, Alaska.

Located across from the airport and right on the beach of Togiak Bay, Alaska, the Airport Inn B & B offers a quiet, restful retreat after a day of fishing or sightseeing. Enjoy the beautiful landscape, sunsets and wildlife Togiak has to offer.

Your hosts Ron and Linda Oertwich have been in the hospitality business for over 20 years in remote Alaska. The Airport Inn B & B accommodates couples as well as individuals.

Fishing in Alaska is an experience you'll never forget. Hooking into a hard fighting wild Rainbow, Dolly Varden, Silver or King Salmon will keep you charged for hours.

Guided Fishing on the Togiak

The Togiak River is one of, if not the best, rivers in Alaska for Silver Salmon averaging over 40,000 fish per year mostly in the 10 pound range.

A good population of Rainbow Trout and Dolly Varden will keep the action going as well.

The King Salmon run that averages 25,000 fish per year is from the third week of June through the third week of July and average in the 30 pound range.

For the fishing adventure of a lifetime, let us be your host.

Airport Inn B & B

The Airport Inn B & B accommodates couples as well as individuals. The rustic charm of the Inn echoes the peacefulness of the remote Alaskan surroundings and is located right on the beach of Togiak Bay.

With over 20 years of hospitality service, your hosts, Ron and Linda, will make sure your stay is memorable.

The Inn offers four bedrooms and two baths with tubs and showers, a cozy living area, and outside patios to sit and watch the river and wildlife.

Breakfast and three course evening meals are served daily. Enjoy such fare as reindeer sausage, waffles with strawberries, sockeye salmon, prime rib, crème briule, chocolate moose, chocolate raspberry cake, and so much more.

Our rates are per day, per guest and group and government rates are available.
